26 May 2026

Dear Guido,

In 2026, the Peripheral Nerve Society (PNS) adopted a new membership type, the PNS Fellow (FPNS). This membership type honors founding or current, long-time, Active or Senior Members who have demonstrated a commitment to advancing the field as a global leader in peripheral nerve research. The PNS Fellow membership is an exclusive membership type granted at the discretion of the PNS Board of Directors.

We are delighted to honor you as a PNS Fellow (FPNS). Your dedication has advanced the field and your commitment to the PNS over the years has been immense. We are pleased to extend a gratis, life-long membership in the PNS, effective immediately. Please note, this membership includes voting rights, so you will still be able to vote in future elections.

All fellows will be recognized at the PNS Annual Meeting with a Fellow ribbon. We invite you to pick up yours at the PNS Registration Desk in Maastricht next month.

Thank you for your many contributions to the Society. We are honored to count you as a member.

Sincerely,

Alessandra Bolino, PhD
President, Peripheral Nerve Society
